[10 Things You Need to Know About Home Title Theft | David Fleck | Master Class on Home Title Theft](#)

Forward this newsletter to colleagues who are concerned about deed fraud, including detectives, title professionals, county clerk employees, notaries and others.

David Fleck has personally battled deed fraud since 2003 – first as a real estate fraud prosecutor in the Los Angeles District Attorney’s Office and then as a private trial lawyer suing to recover victims’ properties. In 2019, he founded [Veritable Data Solutions, Inc.](#) to develop technology that prevents deed fraud, which he has accomplished with [the Veri-Lock® System](#). Although there is no easy way to confirm this, he has probably represented more deed fraud victims than any other attorney nationwide.
